

Junior Engineering for Kids

Spring 2018—Session 1

Ever wonder how real world engineers create and build all wonderful things? Come to our weekly Junior Engineering Club and have fun through hands-on, project based learning! From guided build to open ended challenge, we help our students develop creative problem solving, critical thinking, teamwork skills, build grit and cultivate a making habit. What a perfect place to play, learn and explore! (Projects include Marine, Mechanical, Aerospace Engineering, etc. All different from Winter Session.)
